## Bone Marrow Biopsy

<b>HP No.</b>	RCL-HP-_____-2__
<b>Specimen Type</b>	Bone marrow biopsy
<b>Clinical details</b>	Pancytopenia with leucoerythlastic smear, Atypical cells - 4%.
<b>Gross Description</b>	Two bony tissue pieces one measuring 0.4 cm. Other measuring 1.0 cm. <b>SECTION - 1Block(Entire tissue processed).</b>
	Sections show fragmented biopsy with trabecular bone with cellular marrow spaces. Cellularity is increased for age. Erythropoies, myelopoiesis and megakaryopoies appear suppressed, limited to few interstitial erythroid clusters, scattered myeloid mature forms. The interstitium shows sheet like infiltration by lymphoid cells. The cells are medium sized with high N/C ratio, hyperchromatic, pleomorphic nuclei and scant cytoplasm. Scattered mitotic figures seen.

<b>Impression</b>	<p><b><u>BONE MARROW BIOPSY :-</u></b></p> <p><b>HYPERCELLULAR MARROW WITH LYMPHOCYTOSIS - FEATURES ARE SUGGESTIVE OF LYMPHOPROLIFERATIVE DISORDER.</b></p> <p><b>IHC IS REQUESTED FOR CONFIRMATION AND CATEGORISATION.</b></p>
-------------------	---

<b>Advise</b>	Clinical and hematological correlation.
---------------	---

**NOTE:**  
 'KINDLY COLLECT THE SLIDES/BLOCKS OF SURGICAL PATHOLOGY SPECIMENS BETWEEN 10AM TO 4PM (ONLY WORKING DAYS). SLIDE/BLOCK WOULD BE ISSUED ONLY ON REQUISITION OF THE REFERRING CONSULTANT AFTER ATLEAST 48 Hrs. OF PLACING THE VALID REQUISITION. GROSS SPECIMENS WOULD BE KEPT ONLY FOR A PERIOD OF 15 DAYS AFTER THE DATE OF REPORTING.

# Terms and Conditions of Reporting

1. The presented findings in the Reports are intended solely for informational and interpretational purposes by the referring physician or other qualified medical professionals possessing a comprehensive understanding of reporting units, reference ranges, and technological limitations. The laboratory shall not be held liable for any interpretation or misinterpretation of the results, nor for any consequential or incidental damages arising from such interpretation.
2. It is to be presumed that the tests performed pertain to the specimen/sample attributed to the Customer's name or identification. It is presumed that the verification particulars have been cleared out by the customer or his/her representation at the point of generation of said specimen / sample. It is hereby clarified that the reports furnished are restricted solely to the given specimen only.
3. It is to be noted that variations in results may occur between different laboratories and over time, even for the same parameter for the same Customer. The assays are performed and conducted in accordance with standard procedures, and the reported outcomes are contingent on the specific individual assay methods and equipment(s) used, as well as the quality of the received specimen.
4. This report shall not be deemed valid or admissible for any medico-legal purposes.
5. The Customers assume full responsibility for apprising the Company of any factors that may impact the test finding. These factors, among others, includes dietary intake, alcohol, or medication / drug(s) consumption, or fasting. This list of factors is only representative and not exhaustive.

---

## DISCLAIMER

This is a sample report provided for demonstration purposes only and does not represent an actual patient report. Test results, reference ranges, methodologies, instrumentation, and report formats may vary depending on the laboratory performing the test. The format and representation shown are indicative of reports generated by the National Reference Laboratory of Redcliffe Labs, Noida. This sample report should not be used for medical interpretation, diagnosis, or treatment decisions.
